HOME CINEMA & PROJECTION

THE CLOSEST FIT TO WHAT WE DO. OUR AUDIENCE WATCHES LONG-FORM CINEMA AT HOME, ON THE BIGGEST SCREEN THEY CAN AFFORD, ON PURPOSE.

XGIMI

PORTABLE AND LIVING-ROOM PROJECTORS

We already ran a full integration with XGIMI on our Joaquin Phoenix documentary. The relationship exists and the format is proven.

ANKER NEBULA

CAPSULE AND COSMOS PORTABLE PROJECTORS

Consumer price point, strong presence in the US, and a product our viewers can realistically buy the same evening they watch the video.

FORMOVIE

ULTRA-SHORT-THROW HOME THEATRE

Big-screen cinema at home without a projector room. Exactly the upgrade our 35+ audience is already researching.

BENQ

HOME CINEMA PROJECTOR RANGE

Colour accuracy is an easy bridge into a conversation about how a film was meant to be seen, which is the conversation we have every week.

SOUND & AMBIENCE

NOT STUDIO EQUIPMENT. THE THINGS THAT MAKE WATCHING A FILM AT HOME FEEL CLOSER TO SITTING IN A CINEMA.

ULTIMEA

DOLBY ATMOS SOUNDBARS

Turns a living room into a cinema without an installer or a second mortgage. Affordable enough that our viewers actually buy it.

POLK AUDIO

SOUNDBARS AND HOME SPEAKERS

A recognisable name at a sane price. Sound is half of what makes a film land, and that is a point we can make inside any documentary.

KLIPSCH

SPEAKERS AND HOME CINEMA AUDIO

Their history is literally cinema sound. That heritage gives us a story to tell rather than a spec sheet to read out.

GOVEE

TV BACKLIGHT STRIPS AND AMBIENT LIGHTING

The LED strips behind the screen that make the picture feel bigger. Cheap, visual, and it demonstrates itself on camera in two seconds.

NANOLEAF

SCREEN-MIRRORING LIGHT PANELS

Ambient light that reacts to what is on screen. A viewer sees it once in a video and understands the product immediately.

HOME THEATRE SEATING & FURNITURE

THE PART OF A HOME CINEMA EVERYONE FORGETS UNTIL THEY SIT DOWN. OUR AUDIENCE IS THE AGE AND THE INCOME BRACKET THAT BUILDS THESE ROOMS.

VALENCIA THEATER SEATING

RECLINERS AND HOME CINEMA ROWS

Purpose-built cinema seating for the home. Aspirational but attainable, and it photographs beautifully in a video about cinema.

OCTANE SEATING

MOTORISED HOME THEATRE RECLINERS

Sells the whole idea of a dedicated film room, which is exactly the fantasy our documentaries feed every week.

SEATCRAFT

HOME THEATRE SEATING AND ACCESSORIES

Wide range and accessible pricing, so the call to action works for viewers who are not building a mansion.

MEDIA LIBRARIES & STORAGE

OUR VIEWERS COLLECT FILMS. BUILDING A PERSONAL LIBRARY AT HOME, AND WATCHING IT IN FULL QUALITY, IS A HOBBY WE SHARE WITH THEM.

UGREEN

NAS DXP SERIES

We were already in conversation with them. Storing a film collection at home is a story we can tell from our own shelves.

SYNOLOGY

DISKSTATION NAS

The reference brand for home servers. Build your own streaming service out of the films you already own, and never lose one to a licence expiring.

PLEX

PERSONAL STREAMING LIBRARY SOFTWARE

Turns a hard drive into a private Netflix with posters, subtitles and 4K. It is the single most requested thing among film collectors.

ZIDOO

4K MEDIA PLAYERS FOR LOCAL LIBRARIES

For viewers who care about watching a file at full bitrate rather than a compressed stream. Quality obsessives are our core audience.

CAMERAS FOR FILM LOVERS

NOT PRODUCTION GEAR. THE CAMERAS A FILM FAN WANTS TO OWN BECAUSE OF THE FILMS THEY LOVE, NOT BECAUSE THEY WORK IN THE INDUSTRY.

KODAK

SUPER 8 AND FILM STOCK

The format half of the films we cover were shot on. Shooting real film is the most romantic purchase a cinephile can make.

LOMOGRAPHY

ANALOGUE CAMERAS AND FILM

Playful, affordable and deeply tied to film culture. An easy impulse buy off the back of a documentary about a director who shot on celluloid.

INSTA360

COMPACT CINEMATIC CAMERAS

The aspirational camera an enthusiast actually buys. Cinematic results without needing a crew or a course.

FUJIFILM INSTAX

INSTANT CAMERAS

Physical prints in a streaming world. Fits the same nostalgia our channel runs on, and it is a genuine gift-season product.

STREAMING & FILM CULTURE

OUR VIEWERS ALREADY PAY FOR CINEMA. SERVICES BUILT AROUND FILM HISTORY AND CURATION CONVERT WITHOUT ANY PERSUASION NEEDED.

MUBI

CURATED ARTHOUSE STREAMING

Possibly the most aligned service in existence for this audience. Our videos send people looking for the films we describe.

THE CRITERION CHANNEL

CLASSIC AND RESTORED CINEMA

Restorations, commentary tracks and film history. It is the same conversation our channel is already having.

SHUDDER

GENRE AND HORROR CATALOGUE

Works whenever we cover horror or thrillers, and our audience is exactly the age that grew up with those films.

TASCHEN

FILM BOOKS AND PHOTOGRAPHY EDITIONS

Physical objects for people who love cinema enough to put it on a shelf. Strong gift-season angle.

FILMS, TRAILERS & FESTIVALS

THE MOST NATURAL FIT OF ALL. WE ARE A FILM CHANNEL, SO A FILM IS NEVER AN INTERRUPTION. IT IS THE SUBJECT.

TRAILER PLACEMENTS

THEATRICAL AND STREAMING RELEASES

A trailer inside a documentary about the director, the genre or the era is the least intrusive advertising that exists on this channel.

A24

INDEPENDENT DISTRIBUTION

Their catalogue and their audience overlap almost perfectly with ours. Our viewers already talk about these films in our comments.

NEON

INDEPENDENT DISTRIBUTION

Bold, director-led releases. The kind of film our audience seeks out rather than stumbles into.

FILM FESTIVALS

SITGES, FANTASTIC FEST, RAINDANCE AND SIMILAR

Festivals need audiences and we have a hundred and fifty thousand of exactly the right ones. Passes, programmes and coverage all work.

FILM SCHOOLS & COURSES

WE HAVE RUN EDUCATION SPONSORSHIPS BEFORE AND THEY PERFORMED. NOT EVERYONE WANTS A CAREER, BUT PLENTY OF OUR VIEWERS WANT TO UNDERSTAND HOW IT IS DONE.

RAINDANCE FILM SCHOOL

SHORT COURSES AND INDEPENDENT FILMMAKING

Independent film culture, London-based, with the kind of scrappy history our documentaries celebrate.

METFILM SCHOOL

DEGREE AND SHORT COURSES, LONDON AND BERLIN

European base, which suits a channel operating between Spain and Ukraine, plus a strong practical reputation.

NEW YORK FILM ACADEMY

HANDS-ON FILMMAKING PROGRAMMES

Recognisable to our largest market by far. The United States is over forty per cent of our views.

CINEMAS & EXPERIENCES

ANYTHING THAT GETS OUR AUDIENCE BACK INTO A ROOM WITH A SCREEN AND OTHER PEOPLE IS WORTH TALKING ABOUT.

SECRET CINEMA

IMMERSIVE FILM EVENTS

Turns watching a film into an event. Easy to make cinematic on screen, and it photographs beautifully.

ALAMO DRAFTHOUSE

CINEMA CHAIN AND FILM PROGRAMMING

Built a brand on respecting the film and the audience. Same values we sell, and their footprint matches our biggest market.

PRINCE CHARLES CINEMA

REPERTORY PROGRAMMING, LONDON

An independent repertory house with a cult following. Exactly the kind of place where the films we cover keep playing decades later.

CURZON

ARTHOUSE CINEMAS AND DISTRIBUTION

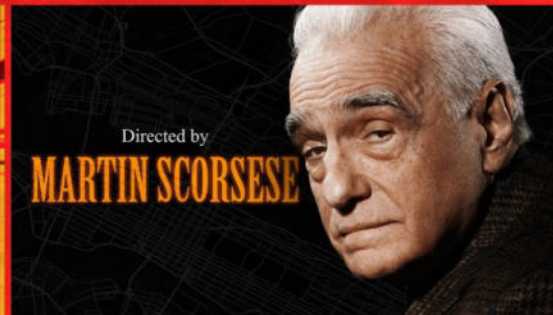

Cinemas and a distribution arm under one roof, which opens the door to talking about specific releases rather than a generic brand mention.

NEXT STEPS

THIS LIST IS A STARTING POINT, NOT A CLOSED DOOR.
IF A BRAND SITS NEAR ANY OF THESE CATEGORIES, WE WANT TO HEAR ABOUT IT.
